

Established in 1982, Mason Electrical Engineering Contractors services the electrical contracting industry throughout all areas of Western Australia. We are able to mobilise and adapt our workforce to any location in WA, servicing industrial, heavy commercial, commercial and process sectors.

Mason Electrical Engineering Contractors is dedicated to understanding our customer's needs and delivering a quality service that meets their expectations and contract specifications.

Mason Electrical Engineering Contractors will always comply with relevant legislative requirements and industry codes.

The Company embraces best practice to ensure a quality service while operating in a safe workplace with minimal impact on the environment. Specific company objectives and targets are planned and regularly reviewed.

Management is dedicated to the philosophy of continual improvement. To support this philosophy **Mason Electrical Engineering Contractors** has developed and implemented a HSEQ Management Manual addressing workplace safety environmental and quality issues.

The HSEQ Management Manual is embraced by management and employees alike. Induction training of new employees ensures they are trained in the System as they join the Company.

All employees are responsible for the quality of their own work but are supported by Supervisors and documented procedures, where required.

Management fully endorses this Quality Policy and the HSEQ Management Manual that has been implemented.
